

Friends of the Children Austin was successfully launched in 2017 through the vision and long-term commitment made by our founding donors. Together, we began a 12-year journey with a cohort of kindergartners, committing to serving them through high school graduation in 2030.

Today that vision is a well-established reality, with our original cohort only four and a half years away from completing high school. We continue to deliver measurable impact for our youth, while permanently changing the landscape of generational poverty in Austin. Sustaining this promise – no matter what – requires the continued partnership of leaders willing to invest in long-term outcomes for children across our region.

Will you make a multi-year investment to ensure our original kindergarteners cross the graduation stage in 2030 and pave the way for children who follow in their footsteps?

Join the 2030 club by giving \$2,030 or more annually!

What your support will make possible:

\$180,000 provides the funding for a child facing the greatest barriers to have a Friend for 12+ years – kindergarten–high school graduation

\$60,000 allows Friends Austin to hire a new Friend to serve eight additional youth for one year

\$20,000 enables Friends Austin to offer literacy interventions and initiatives, including summer Book Camp, to the children in our program who are facing significant challenges with their reading level

\$15,000 ensures one child receives the dedicated, one-on-one support of a Friend for a full year

\$10,000 empowers our Friends and staff with professionalized, trauma-informed training, and diversity, equity and inclusion work for a full year

\$5,000 allows Friends Austin to host fun, creative and community-building events, such as our Fall Festival, for the children and their family members

\$1,000 supplies each of our Friends with an important “car kit” for the extensive transportation they provide for the children they serve

\$250 provides the monthly budget for intentional outings and activities for a Friend’s cohort of eight children

Are you ready to make your pledge? See the back page to confirm your commitment.
